Professional Summary

Software Developer with hands-on experience in Java, Python, SQL, and web application development. Strong foundation in database management, problem-solving, and software engineering principles. Experienced in developing real-time applications and academic projects, with the ability to quickly learn new technologies and build practical solutions. Seeking opportunities to contribute to software development and full-stack engineering roles.

Technical Skills

Programming Languages: Java, Python

Database: SQL, MySQL

Web Technologies: HTML5, CSS3, JavaScript

Technical Projects

LeetCode Tracker and Coding Analytics Platform

- Developed a web-based platform to track coding activity and analyze problem-solving performance.
- Implemented user authentication and coding statistics dashboards.
- Displayed coding progress and performance metrics using browser-based data storage.
- Built responsive user interfaces using HTML, CSS, and JavaScript.

AI-Integrated Smart Classroom Management System

- Developed an AI-powered classroom management system with student login functionality.
- Built student and teacher dashboards for real-time monitoring and engagement analysis.
- Implemented webcam-based attentiveness monitoring to support classroom analytics.

GSM-Based LPG Leakage Detection System

- Developed a real-time LPG leakage detection system with SMS alert functionality.
- Designed and simulated the circuit using Proteus for reliable gas detection.
- Presented the project at a technical conference and published a research paper.

Internship

Bharat Sanchar Nigam Limited (BSNL)

June 2025

- Gained practical exposure to telecommunication and data networking systems in a real-world environment.

Education

Bachelor of Engineering (B.E.) in Electronics and Communication Engineering

Vel Tech High Tech Dr. Rangarajan Dr. Sakunthala Engineering College, Chennai

2023–2027

CGPA: **8.3/10**

Higher Secondary Certificate (HSC)

Sree Sastha Matriculation Higher Secondary School, Chennai

2023

Percentage: **83%**

Achievements & Certifications

- Won **Second Prize** in an Inter-College Hackathon competition.
- Published a research paper on **GSM-Based LPG Leakage Detection System** at RVCE College, Bangalore.
- Solved **75+ coding problems** across LeetCode and HackerRank platforms.
